

Customer Says

"In last 10 years many of the software were tried, however since last 3 years we have successfully used Tally.ERP.9, it contains almost all our requirement. Tally.ERP 9 is a very Simple to use Software. We have also customized as per our requirement for room booking, Bar code scanning & printing with point of sale service. With such an experience with LSPL, we are now looking forward for next phase of customization development with LSPL. We are now able to integrate other operations into tally with their assistance"

Shri Mukund Sheth, Trustee – Manas Mandiram (Shahapur)

Religious Trust Optimizes Overall Efficiency & Productivity by Initiating the Actual Usage of Tally.ERP9

Customer Overview

Customer Name	: Manas Mandiram
Location	: Shahapur, Maharashtra
Segment / Area	: Temple Trust

The Customer

Shri Shetrunjay Tirthdham Bhuvanbhanu Manas Mandir is a unique Jain pilgrimage centre near Asangaon, Thane in the state of Maharashtra. Lakhs of Jains and non-Jains visit the place to acquire peace, dharma, nature's blessings and to enjoy the pure oxygen-rich environment. The hilly pilgrimage spot has two beautiful rivers surrounding the border areas in the vicinity of Mahuli Fort. The Temple has a dome (garbhagriha) which is one of the largest dome in Asia. Many persons are visiting from foreign countries to see the dome of 75 feet * 75 feet. The 75 feet pillar less dome and its superb ceilings, tremendous carvings reveal the architectural brilliance of the makers of this fabulous shrine.

Business Challenges

The Religious Trust struggled in it's Operations finding it immensely difficult in managing their inventory. Even with Tally.ERP9, the desired results were not seen due to incomplete awareness & usage of the Software. For Checking the availability of the Stocks and it's Ingredients was very much time consuming as always need to check the availability at physical location. Tracking of amount of Donation received or tracking Sale of Mithai & Farsan took ample of time and human efforts.

Solution : Tally.ERP 9

We, at Labh Software Pvt. Ltd.(LSPL), managed to understand their major problems / pain points & took up the challenging task of customizing their Tally to extend the capability of invoicing using Tally's Point of Sales Voucher. With the solution provided by us, they are now able Integrate other Operations into tally such as Purchase of Ingredients / Raw Materials, Issue & Processing of Raw Materials to make the Final Product & Invoicing with Accounting & Finance activities. Below are the highlights of the Solution we have implemented through using Default Tally Features as well as using Customization Capabilities -

- ✓ Customized Tally Gateway for POS Voucher Entries
- ✓ Simplified POS Invoicing (Faster Entry) for a complete Layman who has never used Tally or any other Computer Software.
- ✓ Barcode Scanning
- ✓ Barcode Printing
- ✓ Improved Efficiency & Productivity by over 50%
- ✓ Reduction in time for managing inventory by 80%
